2. Create a vocabulary journal!

The purpose of the vocabulary journal is to familiarize you with words that you may not know. If you come across words that you do not know when you are reading then you may not understand what is happening in the story. A vocabulary journal will help you learn what the new words mean and how they are used within the reading.

- On the next page is a list of vocabulary words that you will try to define in your vocabulary journal.
- Use clues from around the word to help you figure out what the word means.
- Please use regular lined paper or computer paper.
- Create a cover for your vocabulary journal **after you finish reading.**
- Be creative!
- This activity is worth one third of your grade.
